Dear Commercial Affiliates,

From June 21 to July 13 this year’s football highlight in Turkey takes place in form of the FIFA U-20 World Cup Turkey 2013. The interest in this event and especially in football is massive in the Host Country and therefore FIFA and the LOC gives the opportunity to the Commercial Affiliates to generate the highest profit possible out of this tournament by moving the Commercial display from the Stadium for the first time to the Fan Zones in the centers of the Host Cities.

The Fan Zone will be set up by LOC in cooperation with the FIFA at Tepebaşı Square, Istanbul to guarantee the highest attention possible and promote the event and the involved sponsors.

With this new platform the FIFA Partners and National Supporters do get the opportunity to present themselves before and during the event on a daily basis to the fans and the whole population. The basic elements such as fencing, power, Internet, water, general security and either a mini pitch and/or a stage will be provided. The Commercial Affiliates do have the option to present themselves in this high profile surrounding by setting up a product Display including an activity and staffing it during the respective opening hours.

On the following pages we may give you an overview of the Fan Zones and some facts to support your decision process.
